

START-UP BUSINESS FUNDING PACKAGE

Turn-Key Resource To Form A New Business Positioned For Fast Funding

WHO SHOULD PARTICIPATE?

Entrepreneurs looking to form a new business that is well-positioned for fast funding will benefit from the Start-Up Business Funding Package.

Developed with the input of former SBDC/SBA Advisors and SCORE Mentors, this turn-key package conveniently and affordably provides what is needed to establish a successful new business positioned for fast funding.

WE PAY YOU TO PARTICIPATE!

With a grant-subsidized enrollment fee, we immediately transfer \$10,000 of valuable collateral to your new business to establish liquidity and assets. Thus, we will essentially pay you to participate!

The Start-Up Business Funding Package provides an affordable and effective solution for early stage businesses to meet important credibility factors to access capital: a legitimate commercial business address, a strong business credit profile, and credible financials demonstrating liquidity and collateral.

Once you enroll, we'll assign your unique address and then form your business with the Secretary of State (Grant pays your filing fees).

Through the US Start-Up Grant, we'll immediately transfer \$10,000 to post on your Balance Sheet creating collateral and liquidity for your new start-up business!

Next, we'll help you liquidate the provided \$10,000 of receivables through factoring and/or other proven strategies and add up to \$250,000 in business credit under your EIN.

What Is Included?

- FREE: A unique business address (not a shared virtual office address).
- FREE: Filing with the Secretary of State and EIN.
- FREE: Free assistance with building your business credit to access up to \$250,000 in business credit.
- \$10,000 in assets transferred to your new business for immediate liquidity and collateral for funding.
- FREE: Geographic access to the Chapman Fund:
 - Provides up to \$250,000 to start or grow a business.
 - Can be used for fixed assets, new construction, renovations, leased property, equipment, inventory, and working capital.
 - Can be used in conjunction with SBA and non-SBA loans of \$1M+.
 - Tax-supported funding--no need to qualify for bank financing.
